# WHEN EMPLOYEES LIVE BETTER, YOUR COMPANY WORKS BETTER.

MHN is a leading healthcare company that provides comprehensive behavioral-change services for the workplace. Our Employee Assistance Program (EAP) comprises an array of clinically-proven services to help employees live better, boosting productivity and your bottom line. And now, we offer more than ever before.

Effective April 1, basic identity theft recovery services and enhanced online estate planning are also included with our basic and enhanced EAP products, at no additional cost!

**Basic Identity Theft Protection** – During a 60-minute consultation with a fraud resolution specialist, members can receive advice on how to place fraud alerts, freeze credit and conduct other activities to resolve fraud. MHN's basic identity theft recovery services also include an ID Theft Emergency Response Kit and information on identity theft prevention.

**Online Estate Planning** – We now have enhanced online estate planning tools, including an online will program that helps employees create a will – privately and free of charge. Employees can download and print their will, in addition to receiving further instructions on signatures needed to ensure the validity of their document.

## WHY CHOOSE MHN'S EAP?

While many EAPs offer only limited counseling and referrals, our services include:

- Face-to-face counseling
- Telephonic assessment and consultation
- Work & Life Services
- Online Member Services
- Employer Services

## LET MHN HELP YOUR BOTTOM LINE.

# WHO CAN FOCUS ON WORK WHILE WORRYING ABOUT WHETHER THE KIDS ARRIVED HOME SAFELY?

Ease your employees' worries and help them concentrate on work with **MHN's Family Assistance**. Through this service, unattended children (or aging parents) receive a regular, pre-scheduled phone call from a check-in consultant to verify that they are well.

Services, which are free to members, can be scheduled anytime between 8 a.m. to 9 p.m. EST on weekdays and are available in over 100 languages. If the family member does not respond after several calls, emergency contacts are immediately notified.

Give your employees peace of mind, so they can give work their full attention.

## LET MHN BOOST YOUR BOTTOM LINE.

# YOUR MISSION. YOUR VISION. YOUR COMPANY.

The integrity of your business depends on sound ethics, and your employees can be the best source for identifying threats to that integrity. But they need to know that they can report on questionable behavior – such as discrimination and fraud – without fear of reprisal.

## **SECURE AND ANONYMOUS, 24/7**

**MHN's Compliance Hotline** is open around the clock and provides anonymous answering, reporting, tracking and follow-up to help record, investigate and resolve concerns over possible unethical or illegal behavior.

## **ENSURE THE INTEGRITY OF YOUR BUSINESS WITH MHN'S COMPLIANCE HOTLINE.**
